

“Sylvan inspired me to learn...

and now I know I can do anything!”

We've helped millions of children. Let us help your child, too.

The Process

Sylvan's proven approach pinpoints what kids need to succeed and helps them master it.

Only Sylvan offers a proven process that sets us apart from tutors and other tutoring services. Our nationally-acclaimed programs incorporate a proven system of learning that will help your son or daughter reach the potential you know is there.

The Programs

Sylvan's personal instructors can help meet your child's academic needs in many areas, including:

- Reading
- Math
- Writing
- Study Skills
- State test prep
- SAT*/ACT® Prep
- College Prep
- And more!

- ✓ Pinpoint the skills your child needs
- ✓ Develop a personalized learning plan
- ✓ Ensure each skill is mastered before moving on

MATHEMATICS
 READING
 TEST TAKING
 VOCABULARY/DIVISION
 MULTIPLICATION
 PROBLEM SOLVING
 FRACTIONS, ESSAYS

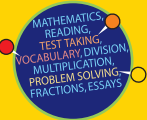

“I even help my brother with *his* homework now!”

Pinpoint the skills your child needs

Sylvan Skills Assessment®

Sylvan first pinpoints the skills your son or daughter needs based on the results of the Sylvan Skills Assessment®. This comprehensive evaluation includes a unique combination of standardized tests, diagnostic tools and personal interviews that lets us develop a personal program that's unique for your child.

Develop a personalized learning plan

Personalized Learning Plan

Just as no two children are alike, no two Sylvan learning plans are the same. Your child's personal plan is developed with the exact skills your child needs, using the method in which your child learns best. This proven approach will give your child what he needs to help him reach his fullest potential.

Ensure each skill is mastered before moving on

Mastery Learning Techniques

To enhance long-term retention, Sylvan instructors employ proven mastery learning techniques. We make sure each new skill is mastered before moving on. Your child will see himself mastering new skills and discover how capable he really is.

Individual Attention

At every grade and skill level, your child will receive the individual attention he or she needs to improve classroom performance. Sylvan instructors work individually with your child on specific areas of skill development. This personal interaction ensures students get their needs and concerns addressed without delay.

Trained and Qualified Instructors

Sylvan's highly skilled, experienced and dedicated educators love to teach, and really care about meeting the learning needs of your child. Sylvan instructors create an environment for learning that helps students master the skills necessary for school & beyond.

Progress Reports

At Sylvan, we're committed to keeping you abreast of your child's progress every step of the way. For example, we schedule periodic conferences with you and your child's instructor. Working together, we'll continually evaluate your child's unique situation to ensure all goals and expectations are being met.

Unique Motivational Programs

Sylvan keeps your child engaged and eager to learn through our motivational program that reinforces success and recognizes milestones in your child's progress.

At Sylvan, personal praise and reinforcement from caring instructors is a natural part of the process. For example, children are rewarded with tokens to recognize hard work, good effort and correct answers that can be redeemed at the center for a variety of prizes. Who says learning can't be fun? It's just one of many ways that Sylvan motivates children to excel and keep them fully engaged in their programs.

Partners with Your Child's School

With your permission, Sylvan will stay in touch with your child's classroom teacher to make sure that progress made at Sylvan is also being realized in school. Education becomes a collaborative effort among you, Sylvan and your child's classroom teacher to ensure all learning goals are being achieved.

Convenient Choices – In-Center and Online

We understand convenience is important to busy families like yours. Sylvan offers in-center instruction at a conveniently located Sylvan Learning Center near you.

In addition, Sylvan Online™ provides personal instruction to your son or daughter without having to leave your home. Your child will work online and in real time with a highly trained and qualified instructor who provides grade-appropriate instruction in reading and math.

The sooner you call, the sooner we can pinpoint the skills your child needs to start making a difference!
