

# Share the Joy of Reading!

**Book Adventure** is a FREE, online reading motivation program that uses fun, interactive technology and incentives to motivate children in grades K-8 to *read over the summer!*

★ Children create personalized book lists from over 7,000 titles

★ After reading the books, children take short, multiple choice quizzes on the Quiz-O-Matic

★ Children earn points for correct answers and redeem them for cool prizes

★ Lists are based on grade level, reading level and interest categories selected by the children themselves

★ Children can also check out a recommended reading list on the web site
