

High School Survivor

Help your teen become more efficient and effective with homework! Teenagers learn best in an interactive, engaging but structured learning environment with their peers. This comprehensive, fun program for teens covers:

- **Organization and Time-Management Strategies**

Students learn assignment and grade tracking, binder and paper organization, study planning and goal setting.

- **Note-Taking Strategies**

Students learn the best methods for listening, following directions, managing and presenting information, and taking notes.

- **Reading and Study Strategies**

Students learn how to effectively use notes as part of the studying process, textbook and research skills, and specific techniques for studying.

- **Test-Taking Strategies**

Students learn how to best tackle multiple choice and essay tests while getting tips on conquering test anxiety.
