

AVOID Summer Learning Loss

Summer Instructional Hours:

Monday June 13th, 2011 - Saturday August 20th, 2011

Students can forget up to two and a half months of learning over the summer!

But it does not have to be a time of going backwards in their education. Here at Sylvan, we believe summer is the time to take the opportunity to catch up, maintain or get ahead, without the stress and pressure of additional school work. We are offering both **morning** and afternoon classes for your convenience.

Please ask us about our *Advanced Reading Strategies Seminar* - a 16 hour course for Middle and High School Students designed to double or triple reading speed and improve comprehension. *Tuesday & Thursday 1:30-3:30* June 21st – July 14th OR July 19th – August 11th
