

Parent/Teacher Conference Questions

During this time of the Teacher Job Action, you still require feedback on your child's academic performance. You can still meet with teachers during school hours to discuss your child. Whether face-to-face or on the phone, make the most of the limited time you have with the teacher by asking these key questions!

- 1) Is my child meeting grade level expectations in:
 - a. Language Arts?
 - b. Math?
 - c. Social Studies?
 - d. Science?

- 2) How will my child be evaluated?

- 3) What is my child like as a classmate?

- 4) What can I do as a parent to support what you are doing in the classroom?

- 5) What is the best way to communicate with you in the future regarding my child's academic performance?

- 6) Does my child hand in homework?
